City of Cincinnati

3

201801401

Christopher E. C. Smitherman
Cincinnati Vice Mayor

September 5, 2018

MOTION

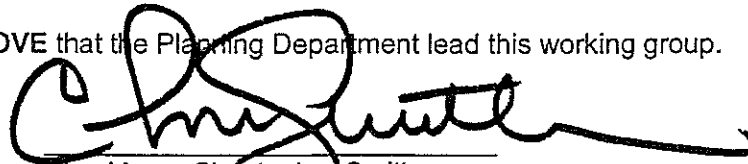

WE MOVE that the lobbyist for the City of Cincinnati provide a procedural framework for City Council and the Property Tax Project working group to amend Ohio state laws governing property taxes to ensure that property owners, specifically legacy residents and senior citizens on fixed incomes, who reside in developing neighborhoods and whose property taxes are increasing as a result have a greater opportunity to remain in their homes.

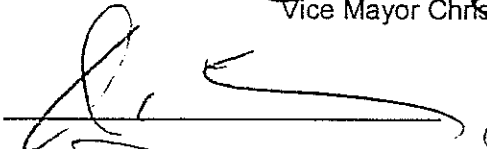

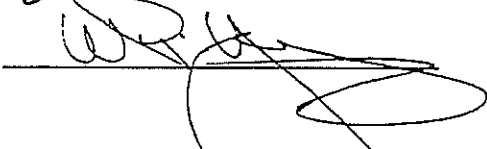

WE FURTHER MOVE that a working group be created to study trends related to property taxes, especially the issue of rising property taxes in areas experiencing significant levels of development; to make recommendations to City Council aimed at helping to keep senior citizens in their homes and communities; and to report on best practices in other cities and states facing similar challenges.

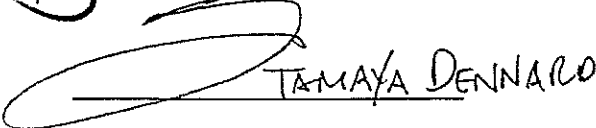

WE FURTHER MOVE that the working group include members from: the African-American Chamber of Commerce; the Board of Realtors; the Cincinnati Neighborhood Business Districts United; the Community Action Agency; the Community Development Corporations Association of Greater Cincinnati; the Council on Aging; the Baptist Ministers Conference; the Hamilton County Auditor/representative; the Homebuilders Association; Invest in Neighborhoods; representatives of Allied Construction Industries; the United Way; the University of Cincinnati's Real Estate Program and the DAAP School of Planning; and the Urban League.

WE FURTHER MOVE that the working group review the City's Tax Abatement Program.

WE FURTHER MOVE that the Planning Department lead this working group.

Vice Mayor Christopher Smitherman

COMMITTEES

Chair: Law & Public Safety • Committees: Budget & Finance • Economic Growth & Zoning • Neighborhoods

STATEMENT

Recognizing we are appreciative of development and redevelopment in the City of Cincinnati and we applaud these efforts. However, because the City is growing, we anticipate that seniors in all 52 neighborhoods might be negatively impacted by rising property values in the future. See attached

Strategy #1: Property Tax Relief	
Existing Efforts / Resources That Support Strategy	Proposed NEW action items
Homestead exemption	Property tax freeze / exemption for legacy residents
BOR process to contest Auditor's valuation	Research other tax relief programs (e.g. CA, Philadelphia)
	Research / draft potential legislative changes in Ohio / locally
	Meet with Treasurer Goering and Commissioner Portune to discuss possible legislative / Policy changes
	Potential local advocacy to make Community Reinvestment Area (CRA) tax abatement (currently given for improvements to property) more limited (and hence, equitable) in how it is allocated &/or if there is VTICA option to capture some CRA "savings" for property tax relief for more vulnerable residents.
Strategy #2: Outreach to educate / inform residents regarding resources & options	
Existing Efforts / Resources That Support Strategy	Proposed NEW action items
Current stakeholders (Legal Aid, ProSeniors, WIN, CUFA, others) do outreach, counseling, one-on-one representation on an ongoing basis	Ask electeds to do more outreach on this issue
	Have stakeholders host more educational & outreach events to inform at-risk residents about their options
Strategy #3: Foreclosure intervention / prevention	
Existing Efforts / Resources That Support Strategy	Proposed NEW action items
Legal Aid / ProSeniors	Identify mechanisms to prevent tax foreclosure filing in instances where owner-occupant resides at tax delinquent property
Emergency Mortgage Assistance Programs	
Strategy #4: Access to Better Finance Tools	
Existing Efforts / Resources That Support Strategy	Proposed NEW action items
Homeownership Center	Identify whether more loan products are available through CRA obligations, etc.
Strategy #5: Increase funding for home improvement grants	
Existing Efforts / Resources That Support Strategy	Proposed NEW action items
City / County – funded programs: PWC, CARE, Harbor	Lobby local politicians for more funding
	Identify potentially hidden / unused funding sources

Property Tax Working Group
Tax Abatement Law FAQs

- **What are the Ohio state laws and City ordinances that govern residential tax abatements?¹**
 - Ohio Revised Code 3735.65-3735.70 (state laws that govern and enable local governments to enact Community Reinvestment Areas (CRAs); abatements are only on the improvement value)
 - Cincinnati Ordinances 274-2017 and 276-2017 (these ordinances designate the City of Cincinnati as a Community Reinvestment Area and set forth the City's residential CRA policies)
 - Ohio Revised Code 4503.064-4503.0610 (the state law homestead exemption laws that allow low-income senior citizens and permanently and totally disabled residents to reduce their property tax bills; up to \$25,000.00 of the residential property's market value can be exempted).
 - For example, qualifying residents owning a home with a market value of \$100,000 are billed as if the home is valued at \$75,000.
 - The City is not involved with the processing of this exemption.
 - Ohio Revised Code 5715.19 (this law provides the process for challenging valuations; it is not directly related to CRAs)
 - Ohio Revised Code 715.263 (state law which allows a local government to grant a tax credit up to the lesser of \$10,000 or the cost of demolition/abatement to those who purchase a nuisance property at a foreclosure sale)

- **Can the City create new property tax exemption laws?**
 - No. Only the Ohio General Assembly has the authority to pass laws that create *new* tax exemptions.
 - For example, if the residents of Ohio wanted to increase the amount of the homestead property tax exemption from \$25,000 to \$35,000 or create a new exemption for property owners who are legacy residents, a bill would have to be introduced and passed by the Ohio General Assembly.

- **How does someone obtain a CRA abatement from the City?**
 - Complete CRA application²
 - Fee payment
 - Notarized statement of work and budget
 - Copy of closed permits and/or final Certificate of Occupancy
 - A minimum of \$2,500 for 1-2 unit structures and \$5,000 for 3 unit structures must be spent on eligible improvements
 - Annual exterior inspections required to ensure proper maintenance
 - Tax abatements can be denied/revoked if code violations exist and/or are not promptly cured

¹ These laws apply only to residential housing with three or fewer units.

**PROPOSED PILOT PROGRAM STATE LEGISLATION FOR PROPERTY TAX FREEZE
FOR LEGACY RESIDENTS**

ADD SECTION (g) to ORC 5715.19(A)(1)

- This section sets forth how an owner files a complaint against valuation or assessment of their property
- Proposed add-on language to existing statute:

(A)(1) ... (g) any determination of the total valuation of or assessment of any parcel that appears on the tax list that is triggered by the requirements set forth in section 5715.191 of the Revised Code.

PROVISION CREATING PILOT PROGRAM → ORC 5715.191 Legacy owner valuation or assessment in Hamilton County

- Proposal to add this section to create pilot program in Hamilton County for relief under 5715.19(A)(1)
- Proposed language:

(A) As used in section 5715.19 & 5715.191 of the Revised Code:

“Legacy Resident” shall mean any person owning taxable real property in Hamilton County or such a person’s spouse whose

- 1) market value has increased by over 50% between the current and preceding tax year;*
- 2) has lived in his or her home as a Principal Resident for 5 years or more;*
- 3) property taxes have not been certified delinquent for greater than 1 year or subject to tax lien sale, unless the Treasurer grants a waiver from this requirement;*
- 4) primary residence’s market value in the prior triennial valuation/appraisal conducted by the auditor was less than \$200,000;*

(B) Any Legacy Resident living in an Area of Reinvestment may file a complaint against valuation or assessment as proscribed by 5715.19 of the Revised Code. If a Legacy Resident Complainant can establish that s/he meets the requirements set forth under section (A), his or her property tax valuations will be set at the amount of the prior triennial valuation.

(C) Once a Legacy Resident qualifies under this section and section 5715.19, any valuation or assessment provided pursuant to these sections will be automatically applied to their real estate tax bill for three years. A Legacy Resident may add and remove family members to their deed if they die, move in, or move out, without affecting any valuation or assessment provided under this section and section 5715.19 as long as the Legacy Resident or their spouse lives in the property.

(D) A Legacy Resident becomes ineligible for reduced valuation or assessment under this section and section 5715.19 if they no longer live in the home or become delinquent in real estate taxes that are not subject to a payment agreement with the Treasurer.

Hamilton County Land Reutilization Corporation

LANDBANK DISPOSITIONS

Hamilton County Land Reutilization Corporation (the Landbank) owns a variety of properties throughout Hamilton County that are available for purchase. To acquire a property from the Hamilton County Landbank, submit an application to applications@cincinnatiport.org. The Landbank development committee reviews all applications and redevelopment plans.

LOT TO YARD

For owner-occupants interested in acquiring residential vacant land adjacent to their home. The cost is \$500* per parcel, and purchasers are required to incorporate the land into their existing yard. This program is designed to reduce the number of blighted, vacant lots. It is not available to owners of adjacent rental property.

*Some properties may be sold for \$200 with restrictions

GARDENS AND GREEN

Transforms vacant lots into gardens or community green space – applicants must demonstrate a viable redevelopment plan and the ability to maintain the property. Applicants do not need to own property nearby. The cost is \$1000 per parcel.

SINGLE-FAMILY HOME DEVELOPMENT

Returns underutilized, residential properties to productive use through sale to interested parties for redevelopment. Project must include the rehab of an existing home, infill construction of single-family home, or redevelopment of a vacant lot by incorporation into an adjacent single-family home. Price may vary but the Hamilton County Auditor's land value is generally used as a baseline for negotiations.

COMMERCIAL AND MULTI-USE DEVELOPMENT

This program focuses on projects involving the development of multiple units, acquisition of multiple properties from the Hamilton County Landbank, or commercial properties. Anything that does not fit into one of the other programs falls into this category. Price may vary but the Hamilton County Auditor's market value is generally used as a baseline for negotiations.

2019 Neighborhood Summit
Call for Speakers
Saturday March, 16; Xavier University, Cintas Center

2019 Neighborhood Summit
Resiliency: Strong People, Neighborhoods, Economy, and Society

"Urban resiliency is the capacity of individuals, communities, institutions, and businesses within a city to survive, adapt, and grow despite the chronic stresses and acute shocks they experience."

100 Resilient Cities Project

The 2019 Neighborhood Summit will look at how to build resilience to our community from the ground level up and to give participants practical examples and hands-on training for how resiliency is a foundational strategy to improve our community.

Are you interested in sharing your experience at the Summit? Speakers' proposals will be evaluated on how they address resiliency. Please suggest where your session idea fits in the framework and, specifically, how it addresses one or more of the characteristics found in the submission link below.

Framework/Tracks

1. Health and Well-being
2. Economy and Society
3. Leadership and Strategies
4. Infrastructure and Environment

Characteristics of Resilient Systems

1. **Reflective:** using past experience to inform future decisions
2. **Resourceful:** recognizing alternative ways to use resources
3. **Inclusive:** prioritize broad consultation to create a sense of shared ownership in decision making
4. **Integrated:** bring together a range of distinct systems and institutions
5. **Robust:** well-conceived, constructed, and managed systems
6. **Redundant:** spare capacity purposefully created to accommodate disruption
7. **Flexible:** willingness and ability to adopt alternative strategies in response to changing circumstances

Deadline for submittal: Wednesday October 31, 2018

6. Our levy dollars will leverage

\$30 MILLION

in matching federal and state funds to keep families together and children safe.

The number of children served in custody has **increased 41%** in just the last 3 years.

8. Levy dollars are **down 11%** over the last 10 years.

9. While the opioid and heroin epidemic has played a role in the increase, all substance abuse, along with untreated mental health issues and domestic violence, are the key drivers.

10. If the levy did not exist, the county's general fund would be **required** to cover the funding gap.
